

# Loan Interest Rate & Fees

Your **interest rate** will be between

**4.99% and 9.00%**

After the rate is set, it will be fixed for the life of your loan.

### Your Interest Rate (upon approval)

The interest rate you pay will be determined when you apply and will be based on your credit worthiness, the repayment term you select and which repayment option you select. If you choose to make payments of principal and interest when the loan is fully disbursed your rate will be fixed between 4.99% and 6.52%. If you choose to delay all payments for 12 months from the final disbursement date your rate will be fixed between 7.94% and 9.00%; this choice is subject to VSAC approval and the availability of funds. If approved, we will notify you of the rate you qualify for based on your creditworthiness and repayment options.

### Your Interest Rate during the life of the loan

**Your rate is fixed.** This means that your rate will remain the same for the life of your loan. For more information on this rate, see the reference notes.

**Your rate will never change during the life of your loan. The rate is determined by your creditworthiness and repayment selections and will remain constant.**

### Loan Fees

**Late Fee:** 6% of the amount of the late payment. **Returned Check Charge:** \$10.00.
